

Figure 1. Location of Enhanced Perinatal Surveillance Project Sites, 1999–2001

Facility type, by site, 1999–2001

Population-based

Alabama
Connecticut
Houston
Louisiana
Michigan
Mississippi
New Jersey
New York
New York City
North Carolina
Ohio
Puerto Rico^a
South Carolina
Tennessee
Texas
Virginia

Facility-based

California
Chicago
District of Columbia
Florida^{a, b}
Los Angeles
Maryland^c
Pennsylvania
Philadelphia

Participants, by race/ethnicity and recruitment type

| Race/ethnicity | Population-based | | Facility-based | |
|-------------------------------|------------------|--------------|----------------|--------------|
| | No. | % | No. | % |
| White, not Hispanic | 742 | 11.6 | 205 | 9.9 |
| Black, not Hispanic | 4394 | 69.0 | 1405 | 67.7 |
| Hispanic | 987 | 15.5 | 387 | 18.7 |
| Asian/Pacific Islander | 36 | 0.6 | 17 | 0.8 |
| American Indian/Alaska Native | 15 | 0.2 | 9 | 0.4 |
| Unknown | 199 | 3.1 | 52 | 2.5 |
| Total | 6373 | 100.0 | 2075 | 100.0 |

Note. See the Technical Notes for an explanation of the recruitment type. The 16 perinatal HIV prevention program sites funded for 1999–2003 were California, Connecticut, Delaware, District of Columbia, Florida, Georgia, Illinois, Louisiana, Maryland, Massachusetts, New Jersey, New York, Pennsylvania, Puerto Rico, South Carolina, and Texas.

The 6 national organizations funded for 1999–2003 were CityMatCH, Omaha, Nebraska; Association of Maternal and Child Health Programs, Washington, DC; American Academy of Pediatrics, Chicago, Illinois; American College of Obstetricians and Gynecologists, Washington, DC; National Pediatric and Family HIV Resource Center, Newark, New Jersey; and AIDS Alliance for Children, Youth & Families, Washington, DC.

^a Data collected for birth years 2000–2001.

^b Florida Enhanced Perinatal Surveillance represents HIV-infected women who gave birth at selected facilities in Broward, Dade, and Palm Beach Counties.

^c Data collected for birth years 1999–2000.
